BEFORE SUBMITTING TO LAB:

- ☐ **PRESCRIPTION** - Make sure all appropriate sections are completed.
 - ☐ **STONE MODELS** - Be sure to get doctor's final approval on models (to ensure accuracy and completeness). Trim models as small as possible.
 - ☐ **DIGITAL RECORDS** - If applicable, send digital patient files to www.SMLglobal.com/digital
 - ☐ **ACCURATE CONSTRUCTION BITE** - Include for all cases where acrylic occlusal coverage or mandibular repositioning is required.
 - ☐ **PACKAGING** - Sturdy cardboard box (provided upon request) is required. Fill box completely with packing material. Wrap models carefully and individually.

TERMS AND CONDITIONS

LABORATORY APPLIANCES:

SML GUARANTEES MATERIALS AND WORKMANSHIP ON ALL APPLIANCES FOR 90 DAYS. IF AN APPLIANCE FAILS WITHIN THIS TIME PERIOD, SML WILL (AT OUR DISCRETION) REMAKE OR REPAIR THE APPLIANCE AT NO CHARGE TO YOU.

TERMS:

All invoices are due 15 days from invoice. At day 30, credit card on file will be charged. We accept Mastercard, Visa, American Express, and Discover. A 1.5% interest charge (18% per year) will be added to all invoices not paid by the due date. If legal action is required to obtain payment, SML is entitled to actual attorney fees.

RETURNS:

SML guarantees that our appliances will fit your working casts. It is therefore essential that all your models be accurate and well-defined *upon submission*.

If the appliance does not fit the returned working cast, SML will fabricate a new appliance on a new working cast at no charge. **IMPORTANT: All returned appliances must be accompanied by the original working cast and a new accurately-defined cast.**

Should you find that your appliance does not fit the patient, but *does* fit the working cast, you are responsible for taking new impressions. A new prescription will be required with submission of new casts. SML will then fabricate a new appliance.

Occasionally, original working casts may be slightly damaged during the fabrication process. Should such damage occur, SML will flag patient records and return a note with the appliance indicating “Damage During Processing” – and (if appliance does not fit the patient) will remake the appliance at no charge to you. Simply submit new working casts and indicate on your new lab slip that the case is a “broken cast” remake.

MODEL RETURN POLICY:

Return requests for patient models, construction bites or doctor-owned supplies, e.g. trays or articulators, will result in a Model Return Fee being charged to the requesting doctor.

MODEL DISPOSAL POLICY:

Requests for discarding or disposal of patient models, construction bites or doctor-owned supplies, e.g. trays or articulators, will result in a Model Disposal Fee being charged to the requesting doctor.

APPLIANCE WARRANTY AND CONDITIONS:

SML guarantees materials and workmanship on all appliances for 90 days. If an appliance fails within this period, SML will remake or repair the appliance at no charge. Warranty does not cover appliance loss, patient abuse, or change(s) in dentition necessitating new appliance fabrication. All returns subject to taxes, as well as FDA, model pour-up and shipping fees.

SLEEP APPLIANCE WARRANTY AND CONDITIONS:

All sleep appliances are covered – materials and workmanship – for a period of 3 years. If an appliance fails within this period, SML will remake or repair the appliance at no charge. Warranty does not cover appliance loss, patient abuse, or change(s) in dentition necessitating new appliance fabrication. All returns subject to taxes, as well as FDA, model pour-up and shipping fees.

WARNING:

Many appliances are fabricated from stainless steel, nickel titanium, and acrylic. Stainless steel contains small amounts of nickel and chromium. Nickel titanium contains nickel. Acrylic is processed with methyl methacrylate. A small number of the population is known to be allergic to these materials.
